

RARI Foundation

Q2 2026 Transparency Report

Disclaimer

This transparency report, including the management accounts and figures, has been prepared by the RARI Foundation (the “Foundation”) exclusively for informational purposes.

The accuracy and completeness of the data in this report is limited to the accuracy and completeness of the transactional data and information received from various service providers, vendors and contractors. Consequently, no party should rely on the contents herein for making any financial, legal, investment, business, tax or other decisions, and any reliance placed on this report by an individual or entity is done so entirely at their own risk. The contents of this transparency report speaks only to the date as indicated in the report. Any projections, estimates, forecasts, targets, prospects, and/or opinions expressed in these materials are subject to change.

The Foundation reserves the right to modify, amend, or update the management accounts as and when needed based on data availability. Users are advised to review the quarterly management accounts for any changes or updates.

The management accounts and this transparency report are provided “as is” and without any warranties, representations, or guarantees, whether explicit or implied, including but not limited to the accuracy, reliability, completeness or fitness for a particular purpose.

RARI Foundation Mission

1. Develop, support and incentivize the growth of the Rarible Protocol, decentralized network and ecosystem.
2. Build decentralized infrastructure products that empower NFT communities.

Q2 Insights

Operational and Financial Updates:

- RARI Chain Sunset & Strategic Consolidation
- Governance Migration Back to Ethereum Mainnet
- Rarible Acquisition & Creator Fund Partnership
- Treasury Management & Runway Extension
- Ecosystem Visibility, Token Awareness & Strategic Partnerships

Q2 Insights

RARI Chain Sunset & Strategic Consolidation

- Initiated the process of sunseting RARI Chain as part of a broader effort to simplify the RARI ecosystem and focus resources on the areas with the strongest long-term impact.
- The transition allows the Foundation to operate a leaner ecosystem and concentrate resources on governance, the \$RARI token, strategic partnerships and sustainable ecosystem growth.

Q2 Insights

Governance Migration Back to Ethereum Mainnet:

- Initiated the consolidation of RARI DAO governance back to Ethereum Mainnet as the canonical governance layer.
- The change addresses fragmentation between Ethereum and RARI Chain governance, simplifies participation for delegates and tokenholders, and brings governance authority, voting power and governance-controlled assets back into a unified system.
- The review also incorporated lessons from the uncertainty surrounding Tally and reinforced the need for governance infrastructure that remains resilient and portable over time. The governance-cleanup RFC went to a temperature-check vote in June.

Q2 Insights

Rarible Acquisition & Creator Fund Partnership:

- Rarible transitioned to new ownership following its acquisition by Impossible, creating a new chapter in the relationship between Rarible and the RARI ecosystem.
- RARI Foundation and the RARI ecosystem remain independent.
- The Foundation began working with the new Rarible/Impossible team on a renewed partnership framework, including plans for the next phase of the Rarible Creator Fund.
- During the transition, the Foundation prioritized responsible stewardship of remaining Creator Fund resources while assessing how the program could best support Rari ecosystem.

Q2 Insights

Rarible Acquisition & Creator Fund Partnership:

- Rarible transitioned to new ownership following its acquisition by Impossible, creating a new chapter in the relationship between Rarible and the RARI ecosystem.
- RARI Foundation and the RARI ecosystem remain independent.
- The Foundation began working with the new Rarible/Impossible team on a renewed partnership framework, including plans for the next phase of the Rarible Creator Fund.
- During the transition, the Foundation prioritized responsible stewardship of remaining Creator Fund resources while assessing how the program could best support Rari ecosystem.

Q2 Insights

Treasury Management & Runway Extension:

- Continued to prioritize prudent treasury management amid challenging market conditions, with a focus on preserving capital and extending the Foundation's operational runway.
- Continued diversifying treasury assets where appropriate to reduce dependence on \$RARI-denominated reserves and improve long-term financial resilience.
- Maintained a disciplined approach to expenditures and capital deployment, prioritizing initiatives with clear strategic value to the RARI ecosystem.
- Continued supporting the infrastructure required for the \$RARI token across existing exchange venues.

Q2 Insights

Ecosystem Visibility, Token Awareness & Strategic Partnerships

- Continued strengthening awareness of the RARI ecosystem and its role within the broader creator economy, with a focus on creators, communities, and ecosystem initiatives.
- Continued highlighting creators and projects across Foundation-owned communication channels, showcasing their work and increasing visibility for participants across the ecosystem.
- Expanded outreach to creator-focused projects, platforms, protocols, and blockchain ecosystems to identify opportunities for collaboration and ecosystem growth.

Q3 Future Initiatives

Future Initiatives & 2026 Outlook

- Support Creators - Creator Fund
 - Make Rarible one of the most attractive ecosystems for creators to build earn and stay
- Token Utility and Long-term value alignment
 - Strengthen the role of the token as a governance and incentive mechanism.
- Ecosystem Growth & Strategic Partnerships
 - Expand the Rarible ecosystem through aligned partners and communities
- Treasury Stewardship
 - Preserve and grow the treasury

Asset Holdings

Asset diversification illustrates how the Foundation's current digital assets are diversified in terms of tokens (in USD value).

Digital Assets Holdings

Fund Division

The RARI Foundation manages funds across three wallets, each dedicated for a specific purpose. Funds are kept separate and allocated in accordance to the foundation's overall mission.
